

## Aphrodite The Cyprus Experience

June 12, 2009

To: Mr. Vasilis Leontiou,  
Managing Director

### **Re: "Aphrodite" the Cyprus Experience**

Dear Vasilis,

Our "Aphrodite" competition is already behind us, and all the participants are thinking it was a great event. Photographers from all over the world, including Russia, Argentina, England, Ireland, Germany, Italy, Greece, Israel and of course- Cyprus, took part in a journey of 3 days, competing for valuable prizes. Others came to watch and share the experience. I believe that this amazing success is the result of the extensive coverage of the media, before and after the event.

There is no doubt that your involvement helped for the success of the event and you can start finding an added value for such a world class event.

Many thanks for your cooperation and contribution to the event. Please extend my thanks to your team and special thanks to you personally for your grate job you did for us.

We will be more than happy to see you as committed partner for next year's event. After all, we wouldn't want to replace such a winning team...

David Pilosof

Producer
